

Tennessee Hybrid Lifeline Project

January 2023 Report - Region 3S

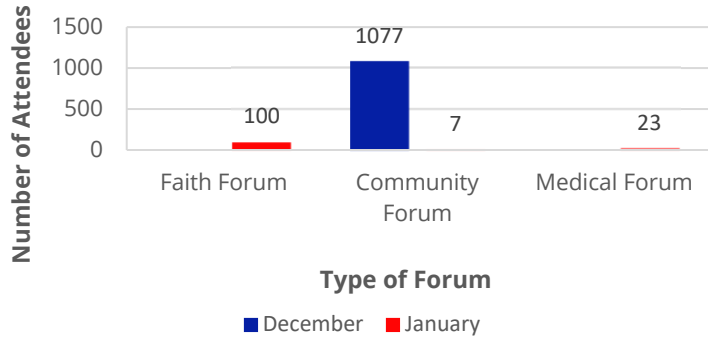

What is a Hybrid Lifeline Coordinator?

Each Hybrid Coordinator serves a specific distressed region of the state where they increase awareness, coordinate between community resources, and connect individuals with treatment and recovery services. Hybrid Lifeline supports low-income families in receipt of or eligible for either TANF or SNAP and will be eligible to receive support for substance abuse treatment and/or recovery services.

Number of Forums Provided

Number of Attendees

****Forums** are events in which panel discussions, topical presentations, and Q&A sessions are provided by a Coordinator to Faith-Based, Community, Medical, and/or Collegiate audiences.

The People We Serve:

The individuals served throughout the state come from all walks of life and are looking for support on their path to recovery from mental health concerns and/or addiction. Below is a snapshot of the ways in which the Hybrid Lifeline Coordinator has served Region 3 South during the month.

Total Services Provided

Services Provided

**** Peer-to-Peer/Peer Support Services** are conversations with individuals, groups of individuals, or family members who are seeking guidance in their own recovery journey or their understanding of someone else's. This service is crucial in helping individuals seeking to begin and/or sustain recovery.

Region 3S Jan. 2023 Report - Continued

One of Project Lifeline's goals is to reduce the stigma of substance use disorder and other mental health concerns in each county across the state. This is done by providing various trainings and educational forums in each county. Based on the Lifeline Coordinators' efforts, individuals become more willing to seek help within their own communities and make strides to begin their journey of recovery. The remainder of this report tells the story of our clients from Region 3 South, showing how they connected with Hybrid Lifeline, and their demographic information.
